

JEEVITH P

jeevith1708@gmail.com | +91 9384736809

PROFESSIONAL SUMMARY

Aspiring Software Engineer with strong expertise in Software Development, API Integration, and Data Structures & Algorithms. Experienced in building scalable web applications and AI-powered tools. Solved 200+ LeetCode problems with strong problem-solving and algorithmic thinking.

INTERNSHIP

MICROSOFT ELEVATE & AICTE | POWER BI INTERN

Dec 2025 – Jan 2026

- Developed interactive dashboards and performed data cleaning, transformation, and visualization using Power BI.
- Applied data handling and analytical techniques relevant to real-world applications.

SERVICENOW UNIVERSITY & AICTE | VIRTUAL INTERN

Apr 2026

- Worked on ServiceNow workflows, incident management, and automation.
- Learned platform-based application development and ITSM fundamentals.

PROJECTS

PORTFOLIO CRAFT | PORTFOLIO BUILDER

- Engineered an AI-powered portfolio creation platform with drag-and-drop layout editing.
- Integrated template, responsive components, and real-time preview features and user can edit and download the code.

PERSONAL PORTFOLIO 2.0 | MODERN WEB PORTFOLIO

- Built a personal portfolio using React, HTML, CSS, and JavaScript.
- Applied AI-based content optimization and interactive UI elements.

ZENBOX | AI SMART EMAIL CLASSIFICATION SYSTEM

- Developed an AI-based email classification tool using keyword filtering and API integration.
- Categorizes emails into Important, Internships, Spam, and Updates.

SEO INSIGHT HUB | AI-POWERED SEO ANALYSIS + AUTO-FIX PLATFORM

- Built an AI-driven SEO optimization platform that analyzes website HTML and detects issues.
- Implemented automatic SEO fixing using AI to improve meta tags, content structure, and technical SEO.

EDUCATION

SNS COLLEGE OF ENGINEERING

B.E. COMPUTER SCIENCE

ENGINEERING

2023 – 2027 | Coimbatore

GPA: 8.38 / 10

VIVEKANANDA MATRIC HR. SEC SCHOOL

HSC – 2023

Namakkal, Tamil Nadu

Percentage: 81%

SKILLS

LANGUAGES

Python

TOOLS & TECHNOLOGIES

GitHub

Supabase

Excel

CORE SKILLS

Data Structures & Algorithms (Solved 200+ LeetCode Problems)

API Integration

PROFILES

LeetCode:// [Jeevi_17](#)

GitHub:// [jeevith08](#)

LinkedIn:// [jeevithpalani](#)

CERTIFICATIONS

AWS: Generative AI Foundations

Databricks: Generative AI Foundations

IBM: Enterprise Design Thinking

ByteXL: Python & DBMS Basics

NPTEL: Java Programming, Affective Computing

ACHIEVEMENTS

ARP 2025 Nominee – Recognized for excellence in academics, leadership, and technical projects. **Competitive**

Programmer – Solved 200+ LeetCode problems (Arrays, DP, Trees, Graphs).
