

PROFESSIONAL SUMMARY

Passionate Mobile & Full-Stack Application Developer with hands-on experience building cross-platform mobile applications using Flutter and Dart. Currently interning as an App Development Intern at DTrade, developing a real-time trading platform with authentication, live data integration, and portfolio management features. Proficient in API integration, state management, and UI/UX design. Strong DSA foundation with 200+ problems solved on LeetCode.

INTERNSHIP EXPERIENCE

App Development Intern | DTrade

Apr 2026 – Present | Remote

Tech Stack: Flutter, Dart, REST API, Supabase

- Developing a cross-platform trading mobile application using Flutter and Dart with real-time market data integration.
- Implemented secure user authentication (login/signup) with session management and token-based authorization.
- Built transaction features, stock portfolio tracker, and live price update modules using REST API integration.
- Integrated real-time data feeds handling 500+ live market data points for seamless portfolio management.

Power BI Intern | Microsoft Elevate & AICTE

Dec 2025 – Jan 2026 | Remote

- Developed interactive dashboards and performed data cleaning, transformation, and visualization using Power BI.
- Applied data handling and analytical techniques to derive actionable insights from real-world datasets.

ServiceNow Virtual Intern | ServiceNow University & AICTE

Remote

- Worked with ServiceNow workflows, administration, and reporting tools.
- Learned automation concepts and system-based application development fundamentals.

PROJECTS

DTrade App | Real-Time Trading Platform

Tech Stack: Flutter, Dart, REST API, Supabase

- Developed a full-featured trading platform app with live market data integration and portfolio management.
- Implemented stock tracking, price update alerts, and transaction history with a responsive and user-friendly UI.
- Optimized application performance and data visualization components for smooth real-time updates.

Personal Portfolio 2.0 | Modern Web Portfolio

Tech Stack: React.js, HTML, CSS, JavaScript

- Built a fully responsive personal portfolio website with AI-based content optimization and interactive UI.
- Focused on modern design principles, smooth navigation, and cross-browser performance.

Tap Game | Interactive Flutter Mobile Game

Tech Stack: Flutter, Dart

- Developed an interactive tap-based mobile game using Flutter and Dart with real-time score updates.
- Utilized StatefulWidget and setState() for efficient UI re-rendering and smooth game state management.

Calculator App | Flutter Mobile Application

Tech Stack: Flutter, Dart

- Built a responsive calculator application using Flutter with clean layout design and dynamic input handling.
- Implemented full arithmetic operations and applied efficient state management using StatefulWidget.

EDUCATION

B.E. Computer Science Engineering

2023 – 2027

Higher Secondary Certificate (HSC)

2023

Vivekananda Matric Hr. Sec School, Namakkal, Tamil Nadu | Percentage: 81%

TECHNICAL SKILLS

Programming Languages	Python, Dart
Mobile Development	Flutter (Cross-Platform), Android / iOS App Development
Tools & Platforms	GitHub, Git, Supabase, Power BI, Microsoft Excel
Core Competencies	API Integration, State Management, Mobile App Development, UI/UX Design
DSA	200+ LeetCode Problems Solved

CERTIFICATIONS

- AWS: Generative AI Foundations
- Databricks: Generative AI Foundations
- IBM: Enterprise Design Thinking – Practitioner & Co-Creator
- ByteXL: Python Programming & Basics of DBMS
- NPTEL: Affective Computing | Programming in Java

ACHIEVEMENTS & ACTIVITIES

- All Rounder Performer (ARP) 2025 Nominee – recognized for consistent excellence across academics, technical projects, and leadership activities.
- Active competitive programmer with 200+ LeetCode problems solved across arrays, linked lists, trees, graphs, and dynamic programming.
- LeetCode Profile: Jeevi_17
